## County Citizen's Council Asks LM-SV Board Support For Prayer

The subject of prayers in the again at the Monday night meeting of the board of trustees of the La Mesa-Spring Valley School District. Due to a large crowd, the meeting was held in the La Mesa Elementary School.

## John Hansen Resigns As GJC President

John S. Hansen has resigned as president of Grossmont Junior College.

Hansen put forth his resignation in the form of a letter Monday night at the Grossmont Junior College Board of Trustees meeting.

The letter, addressed to Mr. Rexford Hall, president of the College Governing Board, and other members, stated the following:

With this letter I am tendering my resignation effective July 1, 1966 as president of Grossmont College to accept a position with another junior college district in California.

I prefer not to indicate details of the position until after officials of that district make an official announce-

ment concerning my employment.

I am leaving Grossmont College with mingled feelings of pride, satisfaction and regret. I take pride and satisfaction in having had the high privilege of working with a superior group of board, administration, faculty and classified staff members in the development of a public junior college of high quality.

Many hundreds of persons from the community at large have also made important contributions to the development of Grossmont College. It has been a privilege to be associated with them, too.

My feelings of regret stem naturally from leaving an institution which has been in my thoughts almost constant-

ly for more than four years. Our yet rewarding years. In leaving, I wish for Grossmont College, the superintendent, board, total staff and student body continued success. It is an estimable institution.

Sincerely,  
John S. Hansen

Hansen has been the only president the college has had since its inception in 1961.

He said Tuesday that he felt the biggest highlight in his career at Grossmont was "getting the institution going between June 1 and Sept. 14, 1961. It was a most rigorous experience."

At that time Grossmont College had 884 day students and 654 evening students. The College now has 2,800 day students and 1,366 attending at night.

William Smith of 768 Broad-

view, Spring Valley, representing the San Diego County Citizens' Councils, asked the board, as part of two recommendations, that the board go on record as supporting Senator Everett Dirksen in his efforts to provide for a Constitutional Amendment that would permit voluntary prayer in the classrooms of our country. Also that the board of trustees of the La Mesa-Spring Valley School District support the uninterpreted reading of the Bible verses in classrooms as a basis for imparting to students moral and spiritual values in their educational program.

Board member Victor Walton proposed a policy for "a period of time during which the children may say a silent prayer or think a good thought; the

choice to be left to the child." The school district, at present, permits non-sectarian teacher led prayers. However, Walton's suggestion was tabled for two weeks.

Smith also asked the board to endorse the Anti-Obsecenity Initiative, sponsored by the "California League Enlisting Action Now," known as "Clean Inc."

Smith pointed out that from 75 to 90 per cent of all smut books eventually get into the hands of our teenagers. He said this literature is second to drugs in the cause of crime.

The board Monday night did not appoint anyone to succeed Dr. Cyril Padfield, who resigned in February. The board indicated, however, that the new member could be appointed within the next two weeks.

## No Laws On Swap Meets Police Tell Chamber

The sheriff's department has no control over swap meets, two officers told members of the Lemon Grove Chamber of Commerce Thursday.

Detective Lt. William Dovey, commander of the San Diego County Sheriff's east county sub-station in El Cajon, said there was no County laws controlling either the operation of swap meets or the participants in them.

Sheriff's Detective Sgt. Henry Schlip produced records and photographs illustrating police problems created by such meets. "We have controls for second-hand dealers but anyone—including burglars—can sell or barter items without responsibility in a swap meet," he said.

The Chamber asked the sheriff's department to discuss swap meets after a National City swap meet promoter had proposed opening one in Lemon Grove. The operator, Henry Bethel, proposed giving the Chamber 2½ per cent of the gross sales for "youth or charity purposes."

The chamber neither sanctions nor opposes business ventures.

Bethel attended the meeting which was held at El Morocco and said that he would register participants at the meet when he brings it to town. He said he would ban juvenile sellers and would welcome a County license control.

The County Board of Supervisors has swap meet licensing under consideration at present.

Sgt. Schlip said it was not possible to police meets for stolen items because of the great amount of merchandise on display, and because stolen merchandise is "put under cover as soon as the tip is given that a search is under way."

It was also reported that much of the merchandise sold at the meets is new, and in competition with local merchants.

Bethel did not indicate when he would start the meet. It is scheduled for the drive-in theatre on Broadway and it will be conducted on Sunday mornings.

## Parade Set March 26

The Merchant's Division of the Lemon Grove Chamber of Commerce will sponsor a "Battle-Up Days" parade March 26 in Lemon Grove.

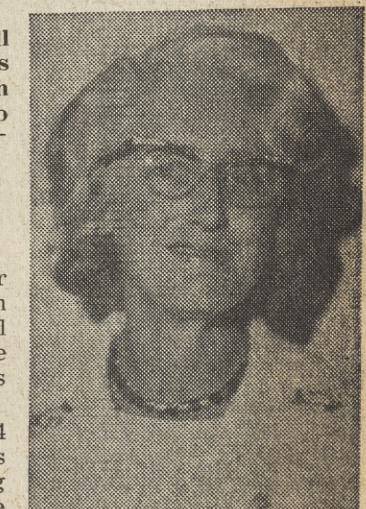

The parade will begin at 11 a.m. and will end at 11:30 a.m. The parade course will follow Broadway from Grove St. to Imperial, down Imperial to Golden Ave. and from Golden Ave to School Ln.

Featured in the parade will be exhibits by local merchants and appearances by local youth baseball players, according to

Rob Mastny, Merchant's Division chairman.

Anyone wishing to enter the parade is asked to call the Lemon Grove Chamber of Commerce at 469-9621.

The Kiwanis Club Pancake Festival will be held the same day from 7 a.m. until 7 p.m. at L. G. Junior High.

## L.G. Band Booked For Maytime Review

The Lemon Grove Junior High School Band will march in National City's 19th Annual Maytime Band Review, to be held Saturday, April 30, it was announced this week.

The band, comprised of 94 musicians, will be increased this year by approximately 25 young ladies who will march with the band as guide-ons. Jeanne Veliquette, a baton-twirling solo majorette, will lead the band.

Under the direction of Harry G. Weisgerber, the musicians are active participants in most San Diego County parades. They received "superior" ratings from 1958 to 1966 in the Southern California School Band and Orchestra Association District Festival. They held the U. S. Marine Corps Perpetual Sweepstakes Trophy from 1961 to 1964 and took first place in their class in last year's event.

The Maytime Band Review is sponsored by the National City Chamber of Commerce for the City of National City. More than 5,000 students make the march.

Coins made this year will be dated 1965 and carry no mint marks.

## 'San Diego Is Top Sports Town', Men's Club Told By Broadcaster

This Friday's guest speaker at the Lemon Grove Men's Club luncheon meeting will be Paul Sutherland, Republican candidate for the 77th Assembly District.

He will speak on "Fiscal Responsibility To Enable Lower Taxes." The weekly meetings are held at Michael's Restaurant.

Last Friday, Al Couppee, Sports Director of KOGO TV Radio, told the Men's Club members about the growth of sports in San Diego.

"When I first came here in 1961, people told me San Diego was a bush league town for sports. I've found that to be wrong in the past five years," Couppee said.

First Class  
He cited examples of sport-

ing events and attractions in San Diego that have made San Diego a "top-notch sports town."

"San Diego has been the number one minor league baseball team the last four years. The San Diego Padres have drawn over 200,000 fans in three of the last four years. In 1962 they led the nation's minor league cities with 241,000 paid attendance. Last season they drew 171,000 fans. And that was with a lousy ball club," said Couppee.

He noted that Atlanta, which recently acquired a major league baseball franchise, drew only 85,000 in paid attendance last year as a minor league city. This, he feels, shows San Diego is a major league town.

Chargers Drop  
"The San Diego Chargers were number one in attendance in the American Football League for four years. Last year they were fourth because Buffalo had its second championship year in a row. New York was in a brand new stadium and Houston moved to a 70,000 seat stadium."

Couppee feels that the Chargers will hit the top once more when they move into the new sports stadium in 1967. He did say, however, that the Chargers are "hurting because of the conflict between players and management."

He added that the Chargers were close to ruin because of the loss of six of their starting defensive eleven due to the expansion draft for the new Miami franchise and the player conflict with coach Sid Gillman.

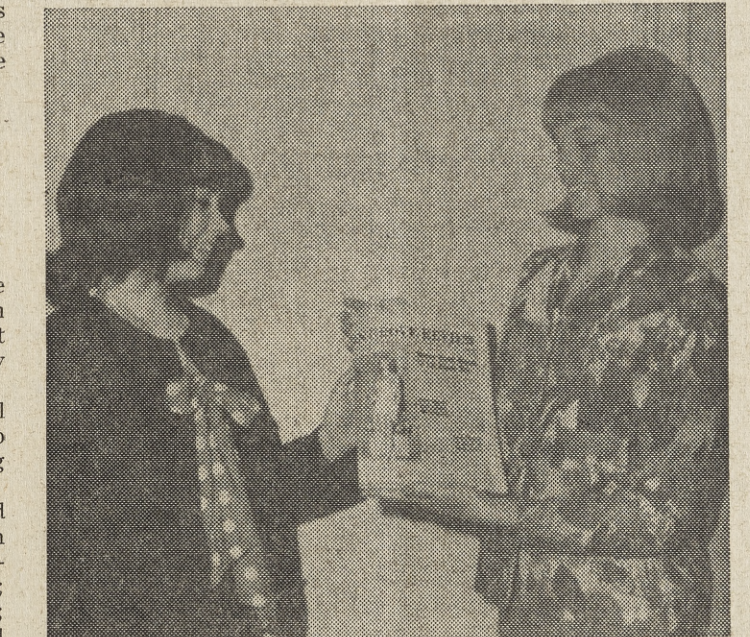

He also told the club of advances made in the field of amateur sports, particularly in the collegiate and high school ranks.

Stadium Filled  
"In four years San Diego State College has overfilled its stadium 12 times for a football game. Every night during football season, over 80,000 fans go out to see a prep grid game."

"If you would have been at the San Diego CIF basketball playoffs several weeks ago you would have seen what I mean by San Diego being a growing sports town. They filled the California Western University gym to capacity and had them standing in the gym watching the tournament games. They seated over 4,500 fans and still turned away over 2,000. And over at Mount Miguel, the gym was packed for the SDCIF wrestling championships. That is sports interest."

TV Market Grows  
Couppee also related that San Diego was 19th in the nation in the radio-TV market in 1961. A rapid increase has raised San Diego's standing to 16th in the nation.

He finished by saying that the new stadium and sports arena, currently being built in the Frontier area of San Diego, would give San Diegans even more attractions in the field of sports.

**FIRST CONTESTANT** — Miss Dianne Wyatt, right, shows Jacquelyn Hamilton the picture that was taken of her when she won the title last year. Dianne will relinquish her title April 20 when Miss Lemon Grove for 1966 is chosen. Jacquelyn is the first entrant in this year's contest. She is a 17-year-old Mount Miguel High senior. Her parents are Mr. and Mrs. John Hamilton of 1829 Madera St., Lemon Grove.

## Padfield Feted By 250

Nearly 250 persons feted Dr. Cyril Padfield Tuesday night at a banquet held in the Bronze Room in La Mesa.

Dr. Padfield, a veterinarian, recently resigned from the La Mesa-Spring Valley school board after nearly 11 years of service. His resignation in February followed a long board controversy over school prayer.

A plaque was given to Dr. Padfield by John Stennett, an attorney and supporter of Padfield's educational philosophy. Master of ceremonies was Dr. Edward Smith, a podiatrist and former board member who noted Padfield's contribution to the moral and spiritual values of the district's youngsters.

The dinner was sponsored by four former school board members. These were the Rev. Lewis Ginn, Mrs. Geraldine Gill, Mrs. Anna Dewey and Dr. Smith.

Smith pointed out that Padfield "stood squarely for his convictions in a world where too many people haven't the guts to do so."

## Street Projects Listed For Area

Nine street projects have been scheduled for the Lemon Grove-Spring Valley area it was announced this week by Supervisor Henry Boney.

Improvement generally will consist of a one-inch black-top mix being spread on existing surfaces.

The streets to be resurfaced include: Troy between Palm and Sweetwater; Central, between Imperial and School Ln.; Palm, from Imperial to Troy; Cypress between San Miguel and Roosevelt; El Prado from Ramon to San Pasqual; Main from Central to North; Golden, from Imperial to Washington; Sweetwater from Elkton to S. Bay Freeway, and Paradise Valley Rd. from S. D. City Limit to Elkton Pl.

## LG-SV Republicans To Hear Liberty Amendment Speaker

The Lemon Grove-Spring Valley Young Republican Club will have as its guest speaker Monday evening Armin Moths, who will talk on the Liberty Amendment.

The club felt that the community should have the opportunity to hear about this controversial constitutional amendment, which is attracting increasing attention and which has already been supported by seven state legisla-

tures, according to Dr. Ed Grubbs, club spokesman.

The amendment specifically prohibits the federal government from engaging in or competing with any business, professional, commercial, financial or industrial enterprise except as specified in the Constitution.

The basic purpose of the amendment therefore is to free the private citizen from the growing burden of excess bureaucracy.

According to the Liberty Amendment Committee of San Diego County, "the Federal Government is competing with its citizens in more than 700 tax free, rent free, separate business activities in violation of the U. S. Constitution."

The meeting will begin at 8 p.m. Refreshments will be served at the get-acquainted period between 7:30 and 8. The club meets in the board room of the Lemon Grove Medical Group building, 3240 Main St.

## Educational TV Seen For L.G.

There may be television sets available for grades 6, 7 and in the school life of Lemon Grove youngsters—but it'll be strictly on an educational basis.

The board of trustees instructed School District Superintendent Byron Netzley to tentatively apply for educational teevie from the County Department of Schools. If teevie goes in, Netzley said, the district will buy 20 or 25 sets for grades 4 to 8.

Foreign languages will be

## Erasable Disc For Teevee Sets

Erwin D. Canham, famed editor of the Christian Science Monitor, told members of the San Diego Chapter of Sigma Delta Chi Monday, that the time would come when "all human knowledge will be capsulated and thrust into orbit in a satellite so that all people will have the ability to acquire the same level of education."

Canham, as is customary with him, was on a world junket making speeches. Sigma Delta Chi is the national journalistic society. Its members contacted Canham in Australia last week and nailed down the San Diego talk. What Canham said to the journalists provided a picture of the newspaper world yet to come.

"We will never obsolete the printed word because people like to read and re-read to get the flavor of what they are reading about," he said. "Television, as we know it," he said, will always be important in bringing bulletins, but news in depth will always be in some printed form."

Television, we are sure, is not terribly upset by a man even of Canham's stature prognosticating that television will never be a total news source for the world's day by day search for information.

But surely insult and injury are compounded when Canham's opinion is added to a report in an eastern newspaper that a disc has been recently developed that drops into a well in the family teevie set and a program recorded earlier on the disc can be flashed on the screen.

This can reduce the power of those who have access to our minds and our time by way of television programming.

Just think of it! We are free of these dictators. No more sitting at home Saturday nights at a certain hour to watch "Get Smart", or on some other night to watch "Hullabaloo". Set the disc machine for the program you want to see and leave. Later that day, or indeed, a month later if you wish, drop the disc in the well and watch the program at a time that's convenient for you.

For the teevie broadcasters, there's also the dread inference that the commercial, in the process of transcribing to the disc, may be electronically erased.

Now that's what we call winning real freedom. No more tying oneself to a television time chart to try to locate a program that is entertaining. Now we can set the dial, drop in the disc and play it back some evening when there is nothing more interesting on the air than political speeches.

Originally our worry concerned television programming alone, but as we think it out there's more to it. And the capulated knowledge that will be placed in orbit will have to be recaptured, presumably by a television-type device. Getting the information from the sky instead of from standard schools of learning is going to free a lot of teachers from their labors. As the need for teachers diminishes, those in this dedicated craft will become the great unemployed mass.

These people, now retraining others in a changing world, will themselves need retraining.

May we be the first to suggest that they be retrained in the proper technique of cutting teevie discs—even though some of these discs will contain such educationally questionable subjects as "Batman", "The Flintstones" and Soupy Sales.

## Rev. John Kerr To Leave Valley Lutheran Church

Rev. John Kerr, who has been pastor of the Shepherd of the Valley Lutheran Church for nearly six years, is moving to Philadelphia, Pa., to take up new duties.

A week-end retreat sponsored by the Lay Apostles of Mary Brotherhood (L.A.M.B.) will be conducted by Fr. John H. Hampsh, C.M.F., Friday evening to Sunday afternoon, March 25 to 27, at the Convent of the Sacred Heart, 2100 Greenfield Dr., El Cajon. Reservations must be made in advance.

Additional donations will provide priests, nuns, and other religious the opportunity to attend. Because of the widespread popularity of Fr. Hampsh, only a limited number of the original 300 retreat reservations remain. For reservations write: LAMB, 4656 56th St., San Diego 92115 or call 583-3323.

## Special Weekend Plans Set By Trinity Groups

Three groups at Trinity Presbyterian Church have special plans for this weekend.

The "Clippers" meet Saturday at 6:30 p.m. in Fellowship Hall. Theme will be "Italy." On "watch" will be the Earharts, the Thompsons and the Williams.

The "Windjammers" also meet Saturday at 6:30 p.m., for a potluck dinner and meeting. Guest speaker will be John Dzewicki of the Rescue Mission.

Senior Highs of the church plan a weekend, March 18, 19 and 20, at South Hills Presbyterian Church of Pomona. Saturday, the local group and the Pomona group will go into the Watts area to work.

The Shepherd of the Valley had its beginning in the Spring Valley Chamber of Commerce Hall, and later moved to a union hall on Willowside Ln. The present church, just east of Monte Vista High School, was built in 1965.

Rev. Kerr has been active in community affairs. He is a charter member of the Spring Valley Kiwanis Club and his wife is a member of the Kiwanis Annex.

Rev. Irwin Bossler, a retired Lutheran minister and interim chaplain at Sharp Memorial Hospital, will be the interim pastor at the Shepherd of the Valley Lutheran Church. The selection committee of the church is in the process of selecting a regular pastor to succeed Rev. Kerr.

Rev. Kerr said he and his family are very sorry they must leave Spring Valley as it is "one of the most beautiful spots on earth with its friendly people and excellent climate."

## Missionary Conference To End This Week

## Fund Drive For Chapel Under Way At Edgemoor

A drive for funds to provide a chapel at Edgemoor Geriatric Hospital, a San Diego County charitable institution, was launched Wednesday noon at a joint meeting of members of the Edgemoor Geriatric Hospital Auxiliary and the Chapel Committee.

Congestion in the multi-purpose area now used for religious activities coupled with the recognition of worship as an essential ingredient in a broadly-based ministry to the whole person, has made a new chapel increasingly urgent, according to G. Edward Garner, chaplain for the hospital under appointment from the San Diego Council of Churches.

Members of the Edgemoor Geriatric Hospital Auxiliary, ministers of many denominations, and interested citizens in the community have been working on plans for a chapel for the past year and a half. The SanTEE-Lakeside Rotary Club co-sponsors the Chapel project with the Edgemoor Auxiliary.

## Continued Study Slated Sunday

Continuing a study of the spiritual versus material concepts of substance, Christian Science churches this week will present a Lesson-Sermon on "Matter."

Jesus' parable of the tares and the wheat (Matt. 13) will be used for responsive reading. Another of the Bible references to be considered is from II Timothy: "In a great house there are not only vessels of gold and of silver, but also of wood and of earth; and some to honour, and some to dishonour. If a man therefore purge himself from these, he shall be a vessel unto honour, sanctified, and meet for the master's use, and prepared unto every good work."

## Czech Pianist To Perform For Concert Association

Rudolf Firkusny, the celebrated Czech-American pianist, will be the last artist to appear for the Grossmont Community Concert Association, for this season. The concert will be held in the Grossmont High School Auditorium, Friday, March 25, at 8:15 p.m.

Rudolf Firkusny is that rare combination of technical perfection and emotional sensitivity that characterizes only a few pianists in this generation.

Though he is known for his vivid and fiery rendition of contemporary works, he can with equal ease school his fingers to the tender tones of the romantic composers or the delicate precision required by Bach and Mozart.

At the age of six years, Firkusny was enrolled by his mother, at the State Conservatory of Brno, Czechoslovakia. She was rather fearfully aware that she had a prodigy on her hands and hoped for the best. Her hopes were spectacularly fulfilled. Firkusny grew up to be a formidable virtuoso who today commands the respect and admiration of audiences on five continents.

Today, Firkusny is not only considered to be one of the foremost keyboard artists of his generation, but the greatest pianist his country has ever produced.

Firkusny has been an American citizen for over a decade and makes his permanent home in New York.

## California Western University Slates Travel-Study Programs

California Western University is including two Travel-Study programs in its curriculum this year which will involve a substantial amount of travel and study abroad.

First will be Project-Europe, to be given this summer. This is to be a travel seminar in European Studies which will include 51 days in ten European countries, with the option of departure June 27 by sea on the SS Orania via the Caribbean or July 10 by air.

The other is quarter in Asia, being given next Fall. This course will afford students six weeks of residence in Japan, plus five weeks of travel to Taiwan, Hong Kong, Bangkok, Kuala Lumpur, Singapore, Borneo, the Philippines and Hawaii.

Both trips have been planned for and limited to those who wish to combine the values of an academic program with a competently led travel tour.

Participants will be traveling abroad under the guidance of university professors and are offered college credit for the courses for which they register. Courses offered will be in the areas of history, political science and the fine arts.

Interested students should request application forms from the college of their choice: Dr. William Lee, San Diego State College, or Mrs. Fay Goleman, University of the Pacific, Stockton.

Seventy-five or more selected college students will have an opportunity to gain both academic and practical experience in the mental health field during the 1966 Summer Work-Study Program.

The deadline for receipt of completed applications is March 30.

Any student of a California college or university is eligible who has good scholastic standing and who will have completed his sophomore year by the end of the current semester.

The goal of the program is to stimulate the interest of students in mental health careers by offering them opportunity for observation, study and participation.

Students will spend the first

and last weeks of the 10-week course at either San Diego State College or University of the Pacific, Stockton. As student professional assistants with the Department, they will spend the intervening eight weeks in supervised work and study activities at state hospitals.

The program's special value is in enabling students to gain insight into problems of the mentally ill and retarded. The students will receive academic credit and a salary of \$625 for the eight weeks. Costs to the students include summer session tuition, transportation, and room and board. Some scholarships and loans are available through mental health associations and the participating colleges.

## Public Reminded Of Skunk Quarantine

The incubation period of rabies in young skunks exposed to the disease in the wild can extend over several months. The State Department of Public Health recently reported that three young skunks captured in April developed rabies in July. A skunk shipped from Texas developed rabies approximately three months after it arrived in California.

A State law, adopted in 1962, prohibits the trapping or capture of skunks for pets or holding skunks in captivity for sale, barter, exchange or gift.

Dr. Askew said that rabies control experts believe the primary wildlife reservoir of rabies in the Western United States is the spotted skunk. He added that the health department's Division of Sanitation trapped 133 skunks last year in response to complaints from residents of the City of San Diego. Many of the trapped animals were spotted skunks.

## 'Don't Use Hibachis' Warns Public Health Department

The San Diego Department of Public Health has warned against using hibachis or other barbecue equipment for indoor heating.

Dr. J. B. Askew, director of public health, said two recent San Diego County deaths have been attributed to the use of hibachis in small, unventilated indoor areas.

In January of this year, a San Diego woman was found unconscious in a closed bathroom heated by a hibachi, and was dead on arrival when taken to the hospital. The Coroner's Office reported that death was due to carbon monoxide poisoning.

In January, 1963, a young man was found dead in the campster in which he lived while attending college. The vehicle was tightly closed and was heated by a hibachi. The Coroner's Office reported carbon monoxide poisoning as the cause of death.

Dr. Askew said, "Hibachis and other barbecue equipment burning charcoal briquettes or similar commercial fuels are not intended to be used for indoor heating. Death from carbon monoxide poisoning may result. Such equipment should only be used for cooking outdoors or when ventilation is adequate."

"Burning charcoal briquettes indoors in small areas that do not have proper ventilation consumes the oxygen supply, and produces a high concentration of carbon monoxide which cannot escape to the outside air. Carbon monoxide gas is a dead

ly poison. It gives no warning of its presence. You can neither see nor smell carbon monoxide gas. It has no color and no odor."

## Swap Meet License Possible

SAN DIEGO (CNA) — The County Board of Supervisors Tuesday asked County Counsel Bertram McLees and Sheriff Joseph O'Connor for a recommendation on an ordinance to control swap meets.

Second District Supervisor Henry A. Boney said that Lemon Grove merchants had asked him to see if anything can be done about such an operation in that community. A swap meet operation is scheduled to start in Lemon Grove later this month.

McLees said that the county has an ordinance controlling auctions but not swap meets.

Supervisor Robert Dent said that his home had been burglarized and that police officers told him that the thief probably got rid of the loot at swap meets.

## Monarchs Rest Atop Loop Standings

Monte Vista High's track team is currently resting atop the Grossmont League standings.

The Monarchs have a 1-0 record along with three other teams, Grossmont, Helix and Granite Hills.

For Monte Vista to be first in track is somewhat unusual. Track is a sport calling for large numbers of competitors. A school of Monte Vista's size generally finds it near to impossible to compete against

schools with close to double their enrollment.

### Few In Number

Because of a lack of "bodies", Bob Larsen's Monarchs have consistently been at or near the bottom of the league standings.

That may be changed this year. A CIF championship cross-country squad from last fall has bolstered Larsen's track club to the point where it may be a factor in deciding the league champion.

The Monarchs spoiled one team's hopes last Friday when they shocked El Cajon with a 71-60 victory in the first league meet of the season.

### First Win

The victory was the first opening loop meet for a Monte Vista track team.

Double wins by weight-man Rick Geer and junior Jerry Nierengarten plus victories by distance stars Chuck Camp, Don Olsen and Dan Ungrecht enabled the Monarchs to top the El Cajon Braves, who have been one of the loop's powers in recent years.

Geer won the shot put with a toss of 50-8 1/2 and the discus with a 155-5 effort. Nierengarten was first in the long jump at 20 feet six inches and won the triple jump at 40 feet one inch. He was also second in the 120 high hurdles.

### Wins Two-Mile

Olsen, an all-CIF cross-country athlete, took the two-mile in 9:49.7 while Camp won the 440 in :52 flat. Ungrecht was first in the 880-yard run in the Monarch relay team.

Composed of Nierengarten, Camp, Taylor Copping and Phil Luque, also won, posting a time of 1:35.4.

Monte Vista's Bees absorbed a 75-20 loss to El Cajon while the Monarch Cees also lost, 48-38.

This Friday, Monte Vista will be at Grossmont, another perennial favorite for the league title.

That meet will be at 3 p.m. on the Hiller cinders. The Monarchs may not be on top of the standings Friday night but at least they can say they have stars Chuck Camp, Don Olsen and Dan Ungrecht.

## One-Hitter Tossed By Matador Junior

Junior southpaw Dennis Lockhart spun a nifty one-hit shut-out to push Mount Miguel's Matadors past Granite Hills, 3-0, Tuesday in a Grossmont League baseball contest.

Lockhart, using an assort-

ment of curves and fastballs, fanned 12 and walked only four while giving up a single scratch single in the third inning. He was the complete master all the way.

The Matadors scored right away, tallying once in the initial frame.

Tom Carroll hit a grounder to the Eagles' third baseman who kicked it, allowing Randy Clark to score from third.

Carroll provided the offense again in the fifth inning when a hit of his went through the third baseman's legs to score Clark. Clinton Millhouse singled in Mike Hasting with the only other Matador run.

Miguel is now 5-2 on the season and 1-0 for league.

Coach Morgan Newman's forces will be at home Friday against Helix' Highlanders at 3 p.m.

## Southwestern To Try Griff Baseball Club

Grossmont College jumped off to a fast start in the Pacific Southwest Conference last week by beating Imperial Valley College, 5-2, on Wednesday, and sweeping a doubleheader from San Diego City College on Saturday by the scores of 12-4 and 7-5.

The Griffins took a half-game lead over Mesa College to a crucial match Wednesday against the Olympians.

In other action scheduled for this week Grossmont will entertain Southwestern College in a PSC doubleheader to be played on the Griffins home diamond beginning at 12 noon on Saturday.

## Girls To Sign For Softball

Sign up time is here again for girl softball players.

Prospective players will be signed 9-12 on two Saturdays starting this week at the bleachers at Lemon Grove Junior high school.

## Matador Linksmen Meet Grossmont

## MV Athletes Enjoy Success

By Bob Wasilewski

Monte Vista High athletic teams won three of four events on the prep sports card Tuesday.

The Monarch netters topped El Cajon, 17-11, the golf team clubbed El Capitan, 14-4, and the swimmers splashed to a 56-39 victory over Mission Bay.

The baseball team lost to El Cajon, 4-3.

### Boaz Wins

In tennis, Mike Boaz won three of his four matches and Bob Hendrickson recorded two wins to lead in singles play.

However, it was the doubles teams of Jeff Turner-Mark Wylie and Bud Murray-Don Garlock that pulled out the victory. Turner-Wylie won all four matches while Murray-Garlock took three of four.

Monte Vista's swimmers set four new records in their win over the Western League Bucs.

### New Records

Larry Paplike snapped the first record when he covered the 100-yard butterfly in 1:02. The old mark was 1:06 set by Bob Friend in February.

John Mustol clocked 1:12.5 in the 100-yard backstroke to break Alan Peterson's record of 1:15.8 set in last season's Grossmont League finals.

Gary Graham broke his own record, hitting 1:13.8 in the 100-breaststroke. His old record was 1:15.2.

A 400-yard freestyle relay team composed of Don Sporleder, Mustol, Bob Friend and Doug Saltus, timed 3:55.5 to

### break the old mark of 4:27.9. Double Winner

Friend was a double winner in the meet, clocking :51.6 for the 100-yard freestyle and 1:56.3 for the 200-yard free style.

Last Friday in a three-way meet, Monte Vista finished second with 53 points to Hilltop's 63 and in front of Granite Hills' 40.

In golf Tuesday, Bruce Dunbar shot a 42 on the Bonita Golf Course to tie El Capitan's Don Morton for medalist honors and lead his club past the Vaqueros.

Other scores recorded by Monarchs were: Bob Hurt, 47; Tom Pear, 49; Steve Hamrick, 51; Tom Wilson, 51; and Steve Bradley, 56.

### Errors Hurt

Shoddy fielding led to the Monarchs' downfall in baseball. El Cajon benefitted from six errors, three of them coming in the fourth inning when the Braves tallied three runs.

Monte Vista scored all its runs in the sixth.

With one out, Jeff McCombs walked, Gary Ward singled and Bob Forrester drove everybody home with a four-base blow.

The Monarchs will take on Grossmont Friday at Monte Vista beginning at 3 p.m.

## Close Games Highlight SV Basketball Action

Close games were the order of the day in Spring Valley Recreation District Basketball last week.

Monday, the Reds nipped the Kiwanis, 14-12, as Jerry Bailey tossed in six for the victors.

Kiwanis led 3-0 after the first period but fell behind at the half, 8-7. The losers recaptured the lead in the third period, 9-8, but lost the lead and the game in the final stanza.

In a Wednesday night contest, Rotary shaded the Lions, 22-19, with Don Goidy scoring 12 points to pace the winners.

Goidy scored his team's entire eight points in the last period. Mike McQueery had 10 for the losers. Rotary led 8-7 after one period, 10-9 at the half and 14-13 after three periods.

In Saturday's doubleheader, the Bears nipped the Reds, 21-20, and Lions topped Kiwanis, 26-24.

The Bears' win was highlighted by Mike Bruner's 11 and Randy Ellis' 10 points.

Bears led 7-6 and 13-10 in the first two periods and 17-12 af-

ter three periods before Reds outscored them, 8-4, in the final quarter.

Lions had to stage a furious rally to top the Kiwanis.

After trailing 20-10 after three quarters, the Lions scored 16 points in the last period, including 10 by Bob McJunkins, to pull the win out of the hat.

Guy Brunson topped all scorers with 13 points for the Kiwanis.

The bill to form the district has been introduced at the special session in Sacramento but has not yet been placed on special call by the governor.

The districtwide tax was supported by Assemblyman Hale Ashcraft.

Supervisor Henry A. Boney proposed that the two cent tax be dropped. The district will act as an agency that can zone

On those rare occasions when your phone needs fixing, telephone repairmen are Johnny-on-the-spot (at no extra charge) and thoughtful, too. Like the one who responded to a customer's call and replaced a phone cord chewed up by the family cat... then left an old piece of spring cord for kitty to play with!

Ninety years ago this month, the first U.S. telephone patent was issued — to Alexander Graham Bell. Today there are over 75 million Bell System phones in service.

## SV-LG In Bus District; Supervisors Must O.K.

SAN DIEGO (CNA)—The Local Agency Formation Commission Monday approved the formation of a San Diego Transit District including the unincorporated communities of Lemon Grove, Spring Valley and Lakeside.

The action clears the way for an election in November if the Board of Supervisors later also agrees to the inclusions. It was not sure whether the members of MART (Metropolitan Area Rapid Transit committee) would circulate petitions for an election in the unincorporated territory nor whether it would be necessary.

The commission included all

territory within an urban area limit line established by the State Division of Highways as the area which will have a population density of 3,000 per gross square mile by the year 1985.

MART says that it will attempt to hold an election in November despite the stated intention of San Diego to hold a city charter amendment in June for a special transportation tax limit of \$21 per \$100 of assessed valuation which could be given to a non-profit corporation for operation of the transit system now owned by the San Diego Transit System.

## Identification Project Nears End In Casa de Oro

The campaign for identification of Casa de Oro, sponsored by the Casa de Oro Men's Club, is near its end, according to president Ron Svalstad.

He said there is over \$700 in the bank toward the expense of erecting signs, etc. He said sketches have been made of markers for the area. These will be presented to the California Highway Department for approval, and to help secure a variance for a 75 foot setback, he said. As soon as the vari-

ance is secured, the club will then go ahead with its plans for erecting the various identification projects.

Douglas Kolb, executive director of the Boys and Girls Aid Society Inc. of San Diego, will be the guest speaker at the March 22 meeting of the CDO Men's Club. He will be talking on a new facility being built in Steel Canyon. The club meets at 12 noon in Golden Bowl dining room.

tody eight months, was arrested by narcotics agents for possession of heroin.

Najera pleaded guilty and was placed in the Corona Rehabilitation Center for narcotics addicts.

He also faces deportation proceedings.

## Milk Squeeze Hits Schools

School cafeterias throughout the country will be confronted with a crisis in financing if subsidies continue to be reduced by federal order. The Lemon Grove District has already felt the effects of reductions, according to Mrs. Ruth Pfister, lunchroom supervisor here.

The school milk and lunch appropriations by the federal government have been ordered slashed by nearly \$70 million. This is in addition to the present reduction which forced the price increase in school lunches in local schools.

Purpose of the cuts is to provide funds for milk and lunches to go only to children who need them. Schools here have furnished meals at subsidized prices and insure that the needy get them free. School authorities fear the announced cuts as a threat to the very existence of lunchroom service in the schools.

Parents who have a stake in the effects of this proposed reduction are urged to write Congressman Lionel Van Derlin urging him to do something about the cut in the proposed federal budget, school authorities said. Mrs. Pfister said that the matter is of such concern to local district lunchroom service that it was thought advisable to let parents know the full import of the slashes as they affect their children.

## Money Management

By Harold K. Glaeser

Putting your money to work by investing it will allow you to share the rewards and the risks.

Only class 4 money should be invested. Class 4 money is that which is left over after no. 1, food, clothing, shelter, and car costs are paid no. 2, protection, life, fire and liability insurance are paid no. 3, a cash reserve of 6 months income is on hand.

In discussing stock market or real estate "deals," you usually hear only about the "successful" ones. No one brags about his failures.

When investing, be prepared to lose as well as win.

## Regular Seasonal Drop Shown In Citations

Activity of the Juvenile Traffic Court showed a regular seasonal drop during February, 1966, according to a report issued by Bernard S. Schwartz, Chief, Juvenile Traffic.

During the month, a total of 1,846 citations was received, as compared to 1,929 for January, 1966, and 1,816 for February of 1965. A total of 1,604 individuals was processed, representing 1,720 citations.

Among the dispositions, it is to be noted that 14 were referred for a Special Hearing, Schwartz noted. He said, "This is our term for a contested hearing where the arresting officer and witnesses are called because the individual believes he is not guilty as charged. Young people frequently believe that they are automatically considered guilty when they

receive a citation, but this simply is not true.

During the months of January and February, a total of 49 Special Hearings was conducted and of this group 10 citations were dismissed while on the balance a finding was made by the Traffic Hearing Officer."

Other dispositions included 138 financial penalties totaling \$1,370, for an average of \$9.93; 235 licenses were suspended, 200 were restricted and 258 individuals were placed on informal probation.

Citations were received from enforcement agencies, as follows: San Diego—1,202; Coronado—10; National City—27; Imperial Beach—23; El Cajon—66; Chula Vista—47; CHP North—124; CHP South—158; Oceanside—26; Escondido—34; La Mesa—66; Carlsbad—5; Sheriff—30; and other jurisdictions—28.

## Calif. Employment Shows 4.6 Per Cent Increase In Year

More Californians were working last month than in any previous February, and the unemployment rate continued to fall. This report was issued by the departments of Industrial Relations and Employment.

At 6,888,000, the February total employment exceeded the year-ago level by 301,000, or 4.6 percent, according to Ernest B. Webb, director of industrial relations. Discounting January, this year-to-year growth in number of jobs was the largest since the fall of 1959 and the percentage gain the greatest since early 1960, Webb pointed out. While the January-to-January measurement was slightly larger, it was influenced by a flood - depressed employment level in January, 1965.

Between January and February, total employment climbed by 15,000.

## Speed Limit Set For S.V.

SAN DIEGO (CNA)—County Supervisors Tuesday extended the existing 45 miles an hour speed limit on Jamacha Blvd from La Presa Ave. to Omega St. and repealed the existing 30 miles an hour speed limit from La Presa Ave. to Sweetwater Springs Blvd., La Presa.

## Girl's P.E. Department To Present 4th Olympiad

The girl's physical education department at Mount Miguel High School will present its fourth Olympiad tonight at 7:30 in the school gym.

Planned to show how effective mass drills can be, the show this year will use a newspaper format to carry its message. Drills that will match the rhythm and power of the presses are planned for each of the traditional sections of the newspaper: news, editorials, features, and sports.

Scenes from the ballet, "West Side Story," the philosophy of modern dance, fitness on parade, and Lil' Abner and Peanuts will be a few of the drills that are to represent the traditional sections of the newspaper: the theater section, the arts, the sports, and the comics, as well as news, editorials, classified ads, and obituaries.

Miss Jane Trude, girls' physical education department chairman, said that most of the 1,200 girls enrolled at the school will participate. She added, "The performances have been given, in past years, to standing room only crowds; we are hoping for the same kind of participation this year."

Proceeds from the performance will go into a scholarship fund for Mount Miguel girls majoring in physical education.

Tickets for the Olympiad are 75c and can be purchased from members of the physical education department or at the door.

The Olympiad will also be held Friday night.

L. C. Settle

## Oceanside Man To Make Race For Sheriff

L. C. Settle, an Oceanside businessman and long-time law enforcement official, has announced his candidacy for sheriff.

The candidate said he will pursue a vigorous campaign to inform San Diego County residents of Sheriff Joe O'Connor's lack of leadership and the need for greater public confidence in law enforcement.

Settle, 46, a county resident nearly 30 years entered law enforcement in 1942 when he served for approximately 12 years working through all phases of the Oceanside Police Department. He left the force in 1954 to devote full time to an automotive firm he organized.

In 1962, Settle was called upon to help organize the Sheriff's Posse. In a matter of months, Settle had a skilled group of two dozen horsemen actively participating in search and rescue operations throughout the County. In an early search, Settle personally located a lost hunter on Thing Mountain near Jacumba while dozens of other volunteers helped.

He served as volunteer posse lieutenant for the North County until O'Connor forced his resignation last fall. In protest 17 other posse members—the majority of the countryside posse—resigned.
